March, 11th 2010/2011

Blessed Love My Lord and Empress, Prince and Princess,

Give Thanks for Life and the Mighty Life Giver, Mother and Father of Creation, Haile Selassie I Jah RasTafari !!!

Give Thanks for our Most Rt. Hon. Prophet without whom there would be no vision, Marcus I Selassie I Jah RasTafari !!!

Give Thanks for our High Priest without whom there would be no Purification or Ceremonial Order, Holy Emmanuel I Selassie I Jah RasTafari !!!

Sisters and brothers of the E.A.B.I.C./E.A.B.I.C.W.F.L.L., it is with hearts full of joy and gladness that I&I have reached this moment in the development of the woman's arm of the E.A.B.I.C. brought forward by our Worthy Founder, Leader, President, God and King, Most Right Hon. King Emmanuel Charles Edwards on the 23rd of March 1980.

Hon. Empresses and Princesses, our League is now 30 years of maturity, Give Thanks to our Father full of such Love and Mercy He left His Glorious Heights and journeyed to this the bottom of the Caribbean Basin bringing the Principles of Life Everliving to I&I exiled Daughters and Sons. Let us come together on this our 30th Anniversary within the Spirit of Love and Oneness taught by our Father and Give Thanks as one Royal Creation Family. It is also a moment to give thanks for our Mother, Queen Omega's EarthDay on March 25th, Blessed be Mama.

While giving thanks with feasting and chanting of Nyahbinghi, let us take the opportunity to sit together and reason upon our movements forward to fulfilling our woman's mandate of fundamental Freedom, Redemption and International Repatriation now and now !!!

I&I must remember the words of our Father that : "in the final battle for Freedom, Redemption and International Repatriation, the Woman must go in front !!!". Ongoing works towards such aims and objectives is in progress in the form of a presentation that was made in October 2009 by one of our Sisters to the National Reparations Commission set up by the Government of Jamaica. This is a 10 member Commission chaired by Professor Barry Chevance (from the U.W.I. Mona) mandated to take presentations from the public on the forms reparation should take. The commission will report in October 2010 to the Ministry of Youth, Sports and Culture headed by Hon. Minister Ms. Grange.

I&I were instructed by our Father to make it known to the public whenever I&I agitate for Repatriation. Professor Chevance underscored this by asking all who presented to publicize as widely as possible the contents of their presentations. During I&I Celebration, plans should be formulated for publishing such demands, thus putting pressure on the Jamaican Government to move speedily towards actioning the findings of the Report, especially I&I demand for Repatriation to Ethiopia/Africa with compensation.

I&I Daughters of King Emmanuel must also reason upon a way to pay special Tribute to our Father for the great Blessings He has bestowed upon us, the 21 days monthly Purification Principles being the Greatest after the gift of Rebirth within the Black Christ Salvation. So come one, come all and let us with a glad heart begin the next and final stage of our Glorious Journey Homeward to Ethiopia/Africa, Black Woman Zion Earthly. Most High Selassie I Jah RasTafari !!!

Nyahbinghi rises sunset on the eve of Tuesday, March 23rd 2010/2011 until ???

E.A.B.I.C.W.F.L.L.

With Our Worthy Founder, Leader, President, God & King,
The Most Rt. Hon. King Emmanuel Charles Edwards.
